I. GENERAL PROVISIONS APPLICABLE TO ALL COURT PROCEEDINGS, DEPOSITIONS, AND SWORN STATEMENTS

(1) Nothing in this Administrative Order limits the discretion of the presiding judge to render appropriate decisions or to establish other procedures consistent with this Administrative Order and the Best Practices developed by the Supreme Court COVID-19 Workgroup. However, the presiding judge should ensure that any procedure independently established by the judge is equitable and does not result in an advantage to one party over the other. It is incumbent upon attorneys and self-represented litigants to inquire with the presiding judge to determine whether he or she has established additional procedures.

(2) Until further order of the court, all court proceedings in the Seventeenth Judicial Circuit that are able to be effectively handled remotely shall be conducted using web-based video conferencing tools. Each judge may, in his or her discretion and where appropriate, utilize alternative technological means to conduct court proceedings (i.e., telephonic hearings). In all cases involving self-represented litigants, all efforts should be made to solicit a valid email address for purposes of service of pleadings and court orders.

(3) In all instances, the presiding judge must consider the constitutional rights of all litigants, crime victims and criminal defendants, and the public's constitutional right of access to the courts.

(4) All parties appearing remotely for a court proceeding, deposition, or sworn statement shall not engage in any unprofessional conduct.

(5) **Oaths**

(a) In all proceedings requiring testimony, oaths may be administered consistent with Florida Supreme Court Administrative Order AOSC20-23, *In Re: Comprehensive COVID-19 Emergency Measures for the Florida State Court (Amendment 2)*. No identification need be produced if the persons attending the deposition, sworn statement, or court proceeding stipulate to the identity of the deponent/witness.

(b) The person administering the oath shall be a non-interested party, and is not required to remain on the video conference after administering the oath, unless such person is a court reporter responsible for recording and/or transcribing the proceedings.

(6) **Witnesses / Deponents**

(a) Unless otherwise permitted by the presiding division judge, witnesses/deponents shall:

- (i) Be alone in a quiet room during their testimony;
- (ii) Not use a virtual background; and
- (iii) Turn off all electronic devices except for the device enabling participation in the hearing and refrain from exchanging any electronic messages during their testimony. Any violation may be sanctioned by the presiding judge as permitted by law.

(b) No document or other writing may be shown or provided to any deponent or witness unless such item is first shown to all other participants.

(7) No party may use any electronic device to take photographs of any participant or to capture the audio or video of any court proceeding, deposition, or sworn statement that is held using web-based video conferencing tools without the express consent of all participants, including sworn law enforcement officers appearing for a deposition or in-court testimony. This provision does not prevent court reporters from digitally recording court proceedings, depositions, or sworn statements, when otherwise permitted, or members of the media from reporting court hearings, provided however, such member of the media complies with this Court's administrative order governing the media and any directive from the presiding judge.

II. ADMISSION OF EVIDENCE

(1) The following procedures and rules apply for the introduction of evidence in any court proceeding that is held using web-based video conferencing tools:

The parties were ordered by the Court to file the evidence, consistent with this evidence log/exhibit list, subsequent to the hearing/trial.*
