Broward County Bar Association Elections

The report of the Nominating Committee was published in the February *Barrister*. March 15, 1986, is the deadline for filing a petition for an office and the Executive Committee. A petition requires the signatures of six members in good standing of Broward County Bar Association.

It is anticipated that ballots will be mailed on March 21, 1986. Your vote is important. You can help in the selection of the leadership of your bar association.

Please follow the instructions on the ballot. This is very important as each year several ballots are invalidated because of failure to comply with the rules.

Lawyer Referral Service

Attorneys who handle Labor/Employment problems are desperately needed by the Lawyer Referral Service. Anyone who would be willing to participate in the program can call Broward County Bar Association at 764-8040 for information on the program.

**Broward County Bar
Association Name Change**

In the February *Barrister* a notice was given regarding a suggested change of the name of the Association. The suggestion was made because much of the general public is under the impression that Broward County Bar Association is part of the county system and the office is supported by tax funds. Many people do not realize that attorneys pay for and provide the services rendered by the Association. It is hoped that a change will help clarify this situation. Your comments and suggestions are appreciated and will be considered.

President's Message

Once again, congratulations are in order to the Social Committee for the outstanding job they did on the Judicial Reception. We would like to thank Melanie May, Chairman, and Christine Lee, Robert Martin, Martin Alexander, Michael Greene, Paul May, Karen Kantner, James Sawran, Robbin Newman and Robert Berube for their time and efforts in connection with this worthwhile project. We also wish to extend our sincere thanks to the judges whose participation is gratifying and insures the success of this event each year.

Plans are now underway for our annual Anatomy of a Trial Seminar, which will be held April 25 from 8:30 to 12:30 in the County Commission Chambers at the new county governmental center. We encourage all of you who have not attended in the past to do so and to let other young lawyers in the county know about this valuable educational opportunity.

For Law Day, Jerry Morris is again coordinating our high school essay contest. Winners will be recognized at the BCBA Law Day Luncheon.

Our annual elections will be held at the April meeting, which is scheduled for Thursday, April 17, 1986. Anyone interested in running for President-Elect, Secretary-Treasurer or Executive Committee positions should make sure to attend the meeting. Nominations will be accepted from the floor and all members present are eligible to vote.

Judicial Reception

February 6, 1986, was not just another ordinary Thursday. It marked another success story for the Third Annual Broward County Young Lawyers Section Judicial Reception. What made the reception such a success? It's hard to find a starting place.

The reception was held in honor of all state and federal judges serving Broward County. Fortunately, most of the judges were honored in person as the attendance level approached the invitation list. Over fifty judges were in attendance. Special recognition was given to judges with fifteen years or more of service. Broward County can proudly boast of the fine service of the following judges:

Morton L. Abrams
Clyde Atkins
Stephen R. Booher
William J. Campbell
James C. Downey
David Dyer
Joe Eaton
Otis Farrington
Peter T. Fay
John G. Ferris
Arthur J. Franza
Charles B. Fulton
M. Daniel Futch, Jr.
Jose A. Gonzalez, Jr.

Frank A. Orlando
James M. Reasbeck
Russell E. Seay, Jr.
George W. Tedder, Jr.
Robert W. Tyson, Jr.
James H. Walden

Louis Weissing

The Harbor Beach Marriott served as the location for the gala event. A lavish spread of hors d'oeuvres was served, ranging from sauteed shrimp scampi to steak tartare.

The Broward County Young Lawyers Section sponsored and hosted the reception. "But for" the generous contributions of many local firms, it could not have been such a success. Contributors were acknowledged by billboard at the entrance to the reception.

A special "thank you" should also be extended to the committee responsible for the planning and organization. The committee included Christine Lee, Karen Kantner, D. David Keller, Bob Martin, Melanie May, Paul May, Robbin Newman, Jim Sawran, Marty Alexander, Mike Greene and Bob Berube.

If you missed this event, keep your eye on next year's calendar. For those of you who attended, we look forward to seeing you again next year.

Judge Bobby Gunther Appointed to Fourth District Court of Appeal

Bobby Gunther is a judge with a sense of style! For many people the court has symbolized tall benches, somber jurists and black robes. It is refreshing to find a judge who combines a high level of professionalism without sacrificing personality.

In a community noted for snowbirds and tourists, Judge Gunther's background is indeed unusual. She comes from a family steeped in southern history and is proud to be a "fourth generation Floridian." She grew up in Melbourne, Florida, where her family still resides. An only child, she contributes her entry into the legal profession to her father who encouraged her to find a "well-paying job." True to being a native Floridian, the judge attended the University of Florida where she received her Bachelor of Arts in 1963 and her Juris Doctorate in 1965.

After eight years of private practice with the law offices of Dick Kirsch, Esquire, Ferrero and Middlebrooks and

later DiGiulian and Spellacy, Bobby Gunther was elected to the County Court bench in 1973. During that period of time, she also contributed much to the continuing education of judges by attending and teaching at judicial colleges.

In 1979 she was a faculty advisor to the general session of the National Judicial College in Reno, Nevada. In 1980 she was an instructor at the Florida College for New Judges in Gainesville, Florida. Governor Graham honored her efforts by appointing the judge to the Governor's Task Force on Criminal Justice System Reform in 1981.

Judge Gunther was appointed to the Circuit Court bench in 1981 and the Fourth District Court of Appeal in January 1986 by Governor Graham.

Proposed Change in Rules of Civil Procedure

The following is a proposed Offer of Settlement Rule which has been approved in concept by the Civil Procedure Rules Committee.

It is scheduled to be discussed again on April 4, 1986, at a meeting of the committee. It could be adopted in a redraft form at that time. Anyone who may have any comments or suggestions should write to Robert Gaines, Chairman, 7th Floor, Blount Building, Pensacola, FL 32576-2950.

Offer of Settlement Rule

(a) Except as provided in subdivision (d), in an action seeking monetary damages, the court shall

(1) add to the amount of compensatory damages in the award of the arbitrators, in the verdict of a jury, or in the court's decision in a nonjury trial, damages for delay at the statutory rate applicable to interest on judgments, not compounded, which shall become part of the award, verdict or decision;

(2) compute the damages for delay from the date the plaintiff filed the initial complaint in the action or from a date one year after the accrual of the cause of action, whichever is later, up to the date of the award, verdict or decision.

(b) The amount of damages for delay shall not be included in determining whether the amount in controversy is within the jurisdiction of the court or arbitration panel.

(c) Except as provided in subdivision (d), damages for delay shall be added to the award, verdict or decision against all defendants found liable, no matter when joined in the action.

(d) If a defendant at any time prior to trial makes a written offer of settlement in a specified sum with prompt cash payment to the plaintiff, and continues that offer in effect until commencement of trial, but the offer is not accepted and the plaintiff does not recover by award, verdict or decision, exclusive of damages for delay, more than 125 percent of the offer, the court or the arbitrators shall not award damages for delay for the period after the date the offer was made.

(e) If an action is pending on the effective date of this rule, or if an action is brought after the effective date on a cause of action which accrued prior to the effective date, damages for delay shall be computed from the date plaintiff files the initial complaint or from a date one year after the accrual of the cause of action, or from a date six (6) months after the effective date of this rule, whichever date is later.

(f) This rule shall not apply to

(1) any claims or actions in which damages for delay or pre-judgment interest are allowable in the absence of this rule.

Legislative Committee Report

The following are abstracts of proposed legislation submitted by the members of the Broward County Bar Association, which were presented to the Legislative Delegation at a dinner on January 23, 1986.

Reorganization of County Clerk Position

It is recommended that the County Clerk position be an appointed one, such appointment being made by the Judiciary of each Judicial Circuit. Enabling legislation is necessary to accomplish this result, which shall improve the efficiency of the office and help foster a better opportunity for cooperation between the Judiciary and the Clerk, from which the public shall be better served. Further, qualifications for the position should be codified. Authority for this legislation may be found at Article V, Section 16 of the Florida Constitution and Article VIII, Section 1(d).

Factors in Determining Equitable Distribution

In dissolution of marriage actions, the judiciary would be greatly assisted, as would the Bar, if the factors to be considered by the trial court in determining how the property is divided between the husband and wife were specifically delineated by statute as "factors to be considered in determining equitable distribution."

Waiver of Sovereign Immunity, 768.28, Florida Statutes

The legislature should repeal existing law which places a cap on recoverable damages against a county, municipality, political subdivision, state agency, state and others protected by 768.28, Florida Statutes. As a minimum the Bar proposes an increase in the cap on damages, per claim, to \$250,000 and \$500,000 per each governmental agency.

Reasonable Attorney Fees in Criminal Indigent Cases

925.036, Florida Statutes, should be amended to provide that a court-appointed attorney, representing an insolvent defendant accused of a crime, shall be entitled to a reasonable fee plus costs. Present law limits the amount of attorney fees in misdemeanors to \$1,000, capital cases to \$3,500 and \$2,000 for appeals, for example. Reasonable fees should be determined by the court on a case by case basis, after considering all factors, including the Canons of Professional Responsibility.

Child's and Parents' Rights

39.401, Florida Statutes, should be amended to provide that without a court order, a law enforcement officer, or his agent, may only detain and take a child into custody for reasons delineated by statute, but only after notification of the child's parent, next of kin or legal guardian.

Florida Wrongful Death Act

The definition of "person" under 768.19 et seq. Florida Statutes, Florida's Wrongful Death Act, should be expanded. Florida should enact legislation similar to the law of 27 states in the United States which permits a cause of action for wrongful death to be brought on behalf of a "viable stillborn fetus." Further, the age limitation of 25 years of age contained in 768.18(2), Florida Statutes, should be eliminated; and adult children should have a cause for action for the wrongful death of a parent.

Pre-Judgment Interest

Legislation should permit the trial court to award prejudgment interest in tort litigation and permit arbitrators to award prearbitration decision interest in tort claims, such interest beginning at the date of demand.

Statute of Limitations

95.11, Florida Statutes, should be amended to state that the statute of limitations in all actions shall not begin to run until a minor has reached the age of 18 or is otherwise emancipated.

Repeal of Section 697.10, Florida Statutes (1984)

It is recommended that the Florida Legislature repeal 697.10 which provides that a person or entity, preparing a mortgage deed or note, is (strictly) liable for damages for errors in the preparation of same, regardless of whether such person or entity causes the error.

Formation of Fourth DCA Bench/Bar Liaison Committee

In cooperation with the Bar Associations of Broward, Palm Beach, Martin, St. Lucie, Indian River and Okeechobee Counties, the Fourth District Court of Appeal announces the formation of the Fourth District Court of Appeal Bench/Bar Liaison Committee. Among other functions, the committee will receive and screen complaints and suggestions from lawyers (who need not necessarily be members of the cooperating Bar Associations) concerning their problems with the operation of the Fourth District Court of Appeal. The committee will not process complaints about individual judges but only those relating to problems encountered with the procedural operation of the court. Communications will be handled on a confidential basis, and presented to the judges of the appellate court. Complaints and suggestions should be directed to:
